SALE MANAGER'S COMMENTS

Dear Shorthorn Breeders:

It is with great pleasure that we present to you this 1974 offering of Bob-Lee Shorthorns and Polled Shorthorns. We feel that these cattle have withstood the test of show ring performance as well as performing well in herds throughout the U.S. and Canada. They have stood the TEST OF TIME.

The young bulls offered in this sale are destined to make breeding history in the next few years. The females have been carefully selected and all have proven records in the Bob-Lee herd. They have already produced some of the leading herd bulls and foundation females and they are certain to continue this record.

The cattle at Bob-Lee's this year, as always, have been handled practically under cowman's conditions and will sell with Bob-Lee's guarantee.

Looking forward to seeing you in Fredericktown, Ohio on Sept. 23, 1974.

Sincerely,

CAGWIN CATTLE SERVICES, INC.

KENMAR RANSOM 32Z — TANK — 1973 Sire of the Year with a total of 4,025 points. He was the first bull to win the triple crown at the American Royal, International, and National Western. He now weighs well over a ton after heavy natural service both here and at Questing Hills and in Western Canada. For the first time, sons and daughters are offered in numbers. Breeders throughout the land have acclaimed him and his progeny as the modern and profitable kind. **FLASH!** Results just in show his senior get of sire was undefeated at the strong Kentucky, Indiana and Ohio State Fairs.

KINNABER LEADER 6th x — Surely needs no introduction to breeders throughout the world. He has sired champions at every major show on the continent. His sons have topped performance shows and sales and rate of gain tests in leading centers. They are heading herds throughout the land. However, his greatest asset is the tremendous group of foundation females he has left in the Bob-Lee herd. We offer just a few daughters in this sale in addition to his valuable service with many of the lots selling. There are a number of younger cattle selling from his daughters and therein lies your opportunity to add this breed building blood to your herd.

OAK HILL CLARK 73rd x — Probably as much future as any young bull in the country. We purchased him at the top of the 1974 Ohio National Sale and have bred a majority of the sale heifers to him. His sire, Clark, certainly needs no introduction to progressive breeders anywhere and his dam is from the well-known and respected Pecharich Brothers herd at Good Hope, Illinois. The females carrying his service will be a great investment... be sure to check them over carefully.
